Higher Speed Studied

Victoria Automobile Club plans to keep a close watch on Ontario's experience with increased speed limits and its demerit system of removing dangerous drivers from highways.

The club has some 7,000 members in Greater Victoria. Secretary-manager George I. Warren said the club would not take any action until it studied Ontario's experience.

Last November the B.C. Automobile Association asked the provincial government to establish "reasonable and prudent" speed limits in B.C. and consider the point or demerit system of penalizing erring motorists.

The Ontario plan calls for a three-month licence suspension following major traffic offences which add up to 12 demerits over a two-year period.

Should a driver collect another 12 demerits within the year after he gets his licence back, his suspension will be for six months.

Ontario also will raise some of its 50 and 55-mile-an-hour speed limits to 60 miles an hour.

Mental Health Group to Meet

The Victoria branch of the B.C. division of the Canadian Mental Health Association will hold its annual meeting at 8 p.m. Thursday in the YWCA recreation room. Officers for 1959 will be elected.

EATON'S FRIDAY 9 a.m. to 9 p.m.
